## ABOUT ME

I am a dedicated and adaptable professional with a passion for problem-solving and innovation. Throughout my experiences as an student and a full-stack developer, I have honed my ability to collaborate effectively with diverse teams and thrive in fast-paced environments. I possess strong communication skills and a knack for translating complex technical concepts into easily understandable terms. I am deeply committed to personal and professional growth, continuously seeking opportunities to expand my knowledge and skill set. Outside of work, I am driven by a desire to make a positive impact, both in my career and in the world around me.

## WORK EXPERIENCE

[ 30/07/2021 – 30/09/2021 ]

### Software developer Intern

#### *Fouresia LLC*

**City**: Antalya

**Country**: Türkiye

- Learned and applied React.js ecosystem tools such as Redux for state management, React Router for client-side routing, and AntD for UI components and styling.
- Assisted in the development of backend services and APIs using Java and Spring Boot framework, learning about Spring Data JPA for data access and Hibernate for ORM.
- Engaged in code reviews, unit testing, and integration testing under the guidance of senior developers to ensure code quality and reliability.

[ 01/02/2024 – Current ]

### Software developer

#### *Fouresia LLC*

**City**: Remote

- Designed, developed, and maintained full-stack web applications using React.js and TypeScript for the frontend, and Java with Spring Boot for the backend.
- Implemented RESTful APIs to facilitate communication between frontend and backend systems, ensuring efficient data exchange and seamless user experience.
- Implemented security features such as authentication and authorization using Spring Security to safeguard web applications from unauthorized access and data breaches.
- Participated in Agile development methodologies, including Scrum meetings, sprint planning, and retrospectives, to ensure timely delivery of features and enhancements.
- Kept abreast of the latest industry trends, technologies, and best practices through continuous learning and professional development activities.

## EDUCATION AND TRAINING

[ 14/09/2018 – 13/02/2024 ]

### Electrics And Electronics Engineer

#### **Akdeniz University**

**Address:** Akdeniz Üniversitesi, Mühendislik Fakültesi Elektrik - Elektronik Mühendisliği Bölümü, Akdeniz University, Engineering Faculty, Department of Electrical and Electronics engineering, 07058, Antalya, Türkiye

**Field(s) of study:** Engineering, manufacturing and construction: *Electronics and automation , Electricity and energy*

**Final grade:** 2.9

**Thesis:** Blockchain based e-voting system

## LANGUAGE SKILLS

**Mother tongue(s):** Turkish

**Other language(s):**

**English**

**LISTENING C1 READING C1 WRITING C1**

**SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1**

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

## DIGITAL SKILLS

### **Programming skills**

Java Programming language | Spring (Spring Boot, Spring Security) | Object Oriented Programing | Data Structures and algorithms | Jenkins, Maven, Git, Docker | Javascript, TypeScript | React JS.

### **Personal skills**

Analytical skills | Organizational and planning skills | Team-work oriented | Good listener and communicator | Self motivated | stress resistant
